

Every Democrat Just Voted Against Tax Cuts, Pay Raises, and More

The One, Big, Beautiful Bill has PASSED the House of Representatives — without a single Democrat voting to cut taxes, secure the border, or protect taxpayer-funded benefits for Americans who need them.

Here are only a few of the policies Democrats just unanimously opposed:

- **The largest tax cut in history.** This means \$13,300 more for American families and wage increases up to \$11,000 for workers with a double-digit percent decrease to their tax bills — plus NO TAX ON TIPS, NO TAX ON OVERTIME, a tax cut on seniors' Social Security benefits, an expanded child tax credit, and a tax deduction on American-made vehicles. Americans making between \$30,000 and \$80,000 per year will see their taxes cut by 15% next year.
- **Raising wages.** American workers will see wage increases of up to \$11,600; a typical family with two kids will see take-home pay rise by up to \$13,300.
- **Strong border security.** This makes President Trump's border crackdown permanent with the largest investment ever — funding AT LEAST one million illegal immigrant deportations per year, thousands of miles of new border wall and barriers, 18,000+ new immigration officials, and pay raises for our great ICE and Border Patrol agents.
- **Protecting Medicaid for American citizens who need it.** This ENDS taxpayer-funded benefits for at least 1.4 million illegal immigrants who are gaming the

system and requires able-bodied Americans to work if they receive benefits.

- **Pay raises for troops.** This increases special pay for servicemembers and gives them higher allowances for housing, healthcare, and family assistance.
- **Ending taxpayer-funded chemical castration and mutilation.** It reverses the Biden-era mandate that Medicaid cover so-called “gender transition” procedures.
- **Modernizing air traffic control.** This will allow President Trump to act where the Biden Administration failed by completely overhauling the systems that keep Americans flying safely and efficiently.
- **Revolutionizing the nation’s defense.** This funds President Trump’s Golden Dome missile defense shield, restocks America’s arsenal, expands our naval fleet, and improves military readiness to meet the needs of a changing world.
- **Protecting family farmers.** The bill prevents the greedy death tax from hitting two million family-owned farms that would otherwise see their exemptions cut in half and cuts taxes on farmers by over \$10 billion.
- **Unleashing American energy dominance.** The bill increases onshore and offshore oil and gas leases, spurs job growth, makes energy more affordable, and makes America less dependent on foreign adversaries.
- **Reversing runaway spending.** This delivers \$1.6 trillion in mandatory savings — the most in U.S. history and the largest deficit reduction in nearly 30 years.
