### The One Big Beautiful Bill Will Crack Down On Illegal Immigration

The White House

May 17, 2025

The One Big Beautiful Bill is a historic piece of legislation that empowers ICE to deport the millions of illegal immigrants that entered under Joe Biden, ensures illegal immigrants do not receive food stamps or Medicaid, taxes money illegal aliens send out of the country, and permanently secures the border.

The Big Beautiful Bill includes tens of billions of dollars in expanded ICE detention and calls for hiring a minimum of 10,000 new ICE agents. The House Judiciary Committee says the bill “provides funding for at least 1 million annual removals, 10,000 new Immigration and Customs Enforcement (ICE) personnel, and detention capacity sufficient to maintain an average daily population of at least 100,000 aliens.”

As NumbersUSA said in a statement: “For decades Congress has promised to secure the border and failed to deliver. The House Reconciliation bill delivers on the promise of building the border wall, 10,000 ICE officers, detention beds, historic funding for Customs and Border Patrol and a tax on money illegal aliens send out of the country. The Trump Administration needs this funding to deport illegal aliens, millions of whom entered the country over the last four years.”

Even opponents of the President’s agenda acknowledge that this historic legislation will allow ICE to “ramp up mass deportation operations to a level never before seen in American history.”

Put simply, The Big Beautiful Bill will empower Big Beautiful Deportations.
